KITAMI CITY

THE HOME OF CURLING IN JAPAN

Kitami City is the largest city in the Okhotsk area, the eastern part of Hokkaido with a population of 120,000. It is known as the home of curling where we have produced many top curlers who represent Japan. Kitami City also has many other sports facilities such as but not limited to athletic fields, vast grounds, ski slopes, and heated swimming pools. With its cool climate with fresh breezes, delicious food from Okhotsk Sea, and convenient access, Kitami City is the best city for sports and can meet a wide range of training camp needs.

WHY KITAMI IS KNOWN AS THE HOME OF CURLING
